

KIM'S TIP: SUMMER HAIR CARE TIPS

Here are a few tips to help you keep your "mane tamed" during the summer.

- Clarifying Shampoo – Perfect for use after swimming and any chlorine deposits that are left on your hair. Remember to always follow up with a deep conditioner to replace any moisture lost.
- Serums – They are great for controlling frizz. Try one that is silicon-free to help keep your style smooth throughout the day.
- Sunscreen – Your hair should be treated like your skin. Use hair products with sunblock protection in them after you wash to protect color fade. If you plan to be in direct sunlight, you should still try to cover your head with a hat or scarf.
